EDUCATION

University of Wisconsin-Madison

September 2022- May 2026

Bachelor of Science: Psychology

- **Minors/Certificates:** Computer Science, Data Science
- **GPA:** 3.92, **Awards and Honors:** Dean's List Fall 2022 - Fall 2024, Phi Beta Kappa 2025
- **Relevant Coursework:** Cognition in Health and Society, Psychology of Human Emotions, Research Methods in Psychology, Intro to Psychotherapy, Programming I-III, Data Science Programming I-II, Intro to Big Data Systems, Building User Interfaces

PROFESSIONAL EXPERIENCE

UW-Madison School of Medicine and Public Health

May 2024 – Present

Research Assistant | Kalin Lab

- Support rhesus macaque research on the neural circuits and behavioral mechanisms underlying anxiety and early-life risk for mood disorders, involving DREADDs, ketamine, and psilocybin, while maintaining rigorous IACUC and biosafety protocols.
- Assist in micro-PET scans, fMRIs, and neurosurgical procedures, handling radiation safely, administering and preparing pharmaceutical treatments, performing blood draws, centrifugation, and sample storage.
- Manage imaging, surgical, and behavioral datasets, maintain lab inventory and biological sample records, and lead lab meetings to improve study design, data integrity, and communication among student researchers.

Wisconsin Alzheimer's Disease Research Center

October 2024 – October 2025

Data Support

- Scored and validated participants' cognitive and neuropsychological tests in collaboration with coordinators and data specialists to improve testing clarity, ensure cross-participant reliability, and strengthen the validity of measured constructs.
- Authored and maintained Standard Operating Procedures according to internal specifications, IRB protocol, and HIPAA.
- Created scripts in Python and R, utilized REDCap API requests to generate reports, extracted datasets from CoRRIE, and web scraped external datasets to identify inconsistencies, automate workflows, and optimize accuracy.

UW-Madison Greater University Tutoring Service

January 2024 – January 2025

Academic Tutor

- Served as the designated tutor for Dr. Jonathan Gallimore's Psych 210: Statistics for Psychology, coordinating with the professor and the lab TA to ensure consistency in teaching statistical testing, data interpretation, and experimental design.
- Independently led classroom-sized review sessions and one-on-one tutoring, created study resources, and delivered weekly announcements via Canvas to aid student success.
- Regularly responded to student questions via Piazza and email to provide continuous academic support.

PROJECTS

Computational Research Assistant | Kalin Lab

August 2025 – Present

- Selected by Senior Scientist Dr. Jonathan Oler to develop Bash scripts within the lab's internal server to automate the processing and analysis of micro-PET and MRI data, establishing new workflows for imaging studies.
- Collaborate to refine neuroimaging pipelines using ITK-SNAP, FSL, and MATLAB, preparing imaging datasets for ongoing analyses and future publications under Dr. Ned Kalin.
- Present the lab's imaging results and data from related laboratories at the end of each semester.

INVOLVEMENT

WSUM Radio

- Created and hosted "Genre101," a live radio show on WSUM 91.7 FM featuring curated playlists and commentary that explore the history and evolution of a different musical genre each week for a regular base of listeners.
- Coordinated campus outreach and station promotions, including sidewalk chalking, poster creations, and PSAs.

SKILLS

- **Technical:** Python, Java, R, Bash, CSS, HTML, JavaScript, SQL, ITK-SNAP, FSL, MATLAB, REDCap, CoRRIE, Booked, Git, Excel
- **Software:** Adobe Photoshop, Adobe Illustrator, Adobe After Effects, Final Cut Pro, Canva, Microsoft 365

HOBBIES & INTERESTS

- Bouldering, Fishing, Hiking, Biking, Jigsaw Puzzles, Journaling, Karate, Skiing, Running, Bird Watching at the UW Arboretum
